THE  
GALERI  
BEACH RESORT & RESIDENCES  
LOMBOK

The rich cultural mosaic of Indonesia is matched only by the extraordinary diversity of its geography. The Galeri Beach Resort & Residences seeks to honour this strong sense of place and life - to capture the allure and magic that is Indonesia's hallmark and signature.

Our masterplan is conceived as a collection of intimate villages that share their name with such exotic Indonesian islands such as Komodo, Java and Sumatra, while our villa models honour the cities and villages of Lombok. Each name is unique, and seeks to tell the story of an ancient, beautiful way of life.
